TEMPORARY URBAN SOLUTIONS

This course is about **setting up design solutions**, both hard and soft, for specific **urban context** by using:

- >>>>A co-design approach
- >>>>Product service system design tools
- >>>>Interior/Product/Communication skills
- >>>Prototyping the results and test them

TEMPORARY URBAN SOLUTIONS

EVALUATION CRITERIA

Active (and proactive) participation

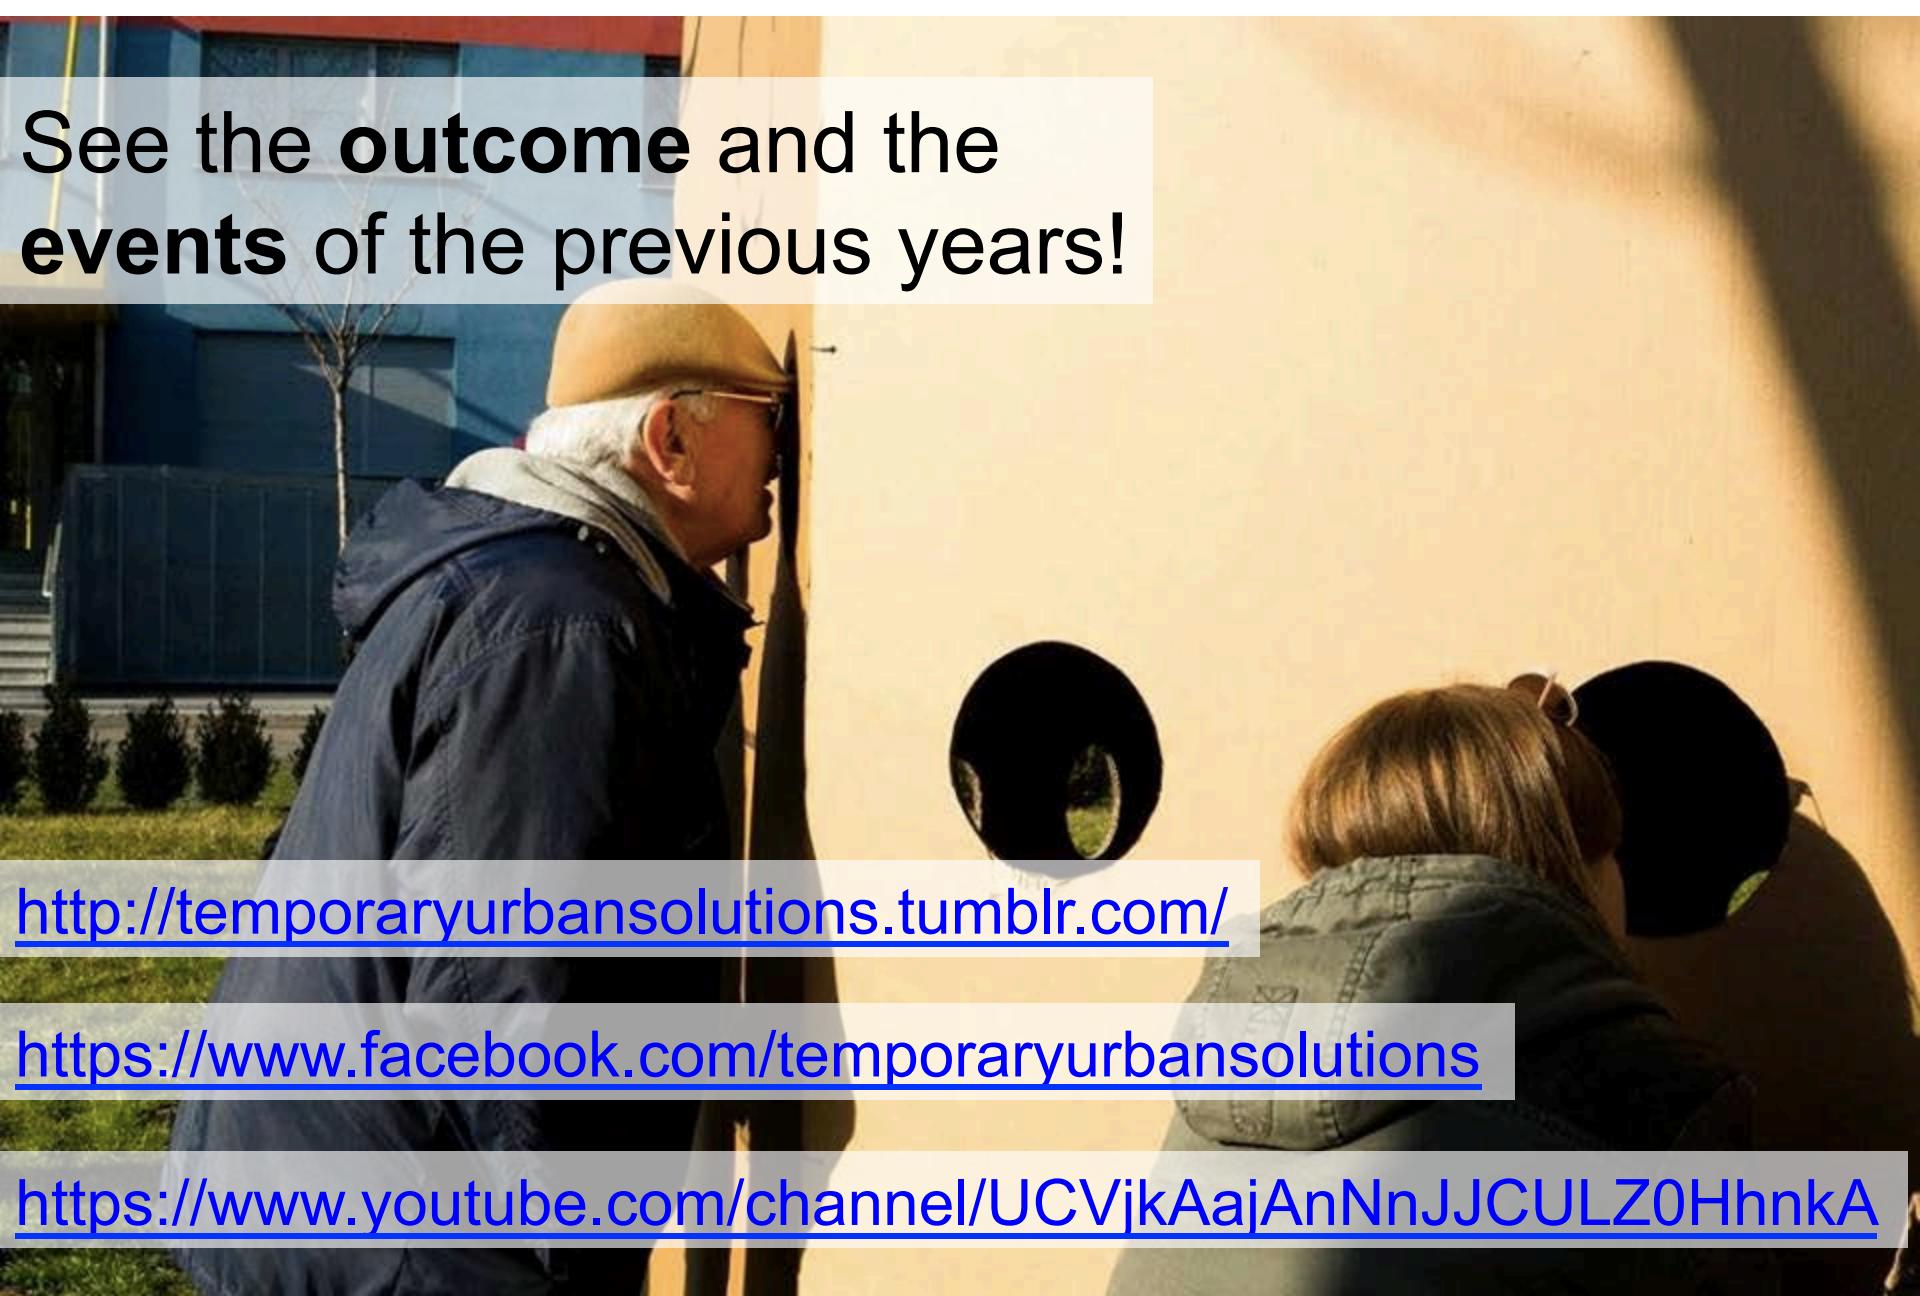

Quality and effectiveness of the results and the process to get it

EXAM

At the end of the course with a final event to prototype the solutions with people

Urban Context: ZONA TORTONA (Milan Design Distict)
Partnership: BASE MILANO <http://base.milano.it/>

A photograph showing a man and a woman from behind, looking through a circular opening in a light-colored wall. The man is wearing a yellow cap and glasses, and the woman has short brown hair. They are standing in front of a modern building with large windows.

See the **outcome** and the
events of the previous years!
