**ATTENTION:**

- for all engineering courses (except for Building Engineering/Architecture Programme), the actual start of the **lab workshops** will be communicated directly by the professors during classes. The dates currently published in the personalized timetable are indicative.
- the classrooms marked **LB**, **DP** and **LABOR** are fictitious and indicate laboratory time. Professors will communicate the starting date and the real venue during lectures.
- The course timetable of the second semester of the "School of Architecture and Society" is provisional and may change. Please check before the beginning of the semester the classroom and the day of the lesson. Thank you.

*We advice you to check periodically this section in the vicinity of the examinations to don't miss the registrations!*

*Before to register to the exams, students must answer a Questionnaire to evaluate each course:*

Plan courses not taken

Student  
Surname  
Name:  
School:  
Degree:  
Context

From the academic year 2013/14, student's teaching evaluation is online.  
Students can fill in the questionnaire starting from 2 / 3 of the class period through the student's online services, section Data, "Compilation Questionnaires".  
It is mandatory and must be completed before the exam registration.

[Link to the "Compilation Questionnaires"](#)

**ANSWER THE QUESTIONNAIRE**

Registration to "ongoing test" and "generic events" does not need to fill in the questionnaire.

The column "Questionnaire" provides the status of completion for each element of the plan.

The values for the column are as follows:

- "to be filled out" : the compilation is mandatory
- "---" : evaluation is not planned or already completed questionnaire

*Once you've answered the Questionnaire you must go back on Online Services to register in the exam:*
