Please note that any delay in communicating withdrawal from the Double Degree program will seriously affect the replacement of candidates indeed causing administrative difficulties.

Students participating to the Double Degree **cannot participate** to the Erasmus programme and other international mobility programmes during the Master of Science. Hence, selected students that have applied for any other international programme and decided to enroll in the Double Degree programme must withdraw their candidature from any other international exchange programme according to the current procedures and timeframes.

Students enrolled in the single courses and not enrolled in Management Engineering Master of Science program within March 6th, 2015, will be automatically excluded from the International Double Degree Program despite their position in the final ranking.
