Baratta, Attilio Tono

SCIENTIFIC COMMITTEE

Ezio Cuoghi, Margherita Pillan

PLACE

The seminars will be held at
the Como Territorial Pole of
Politecnico di Milano, Via
Natta 14 Como, and the
laboratories will be held at
the adjoining space
chiostrino di Santa Eufemia

EDUCATIONAL PURPOSE

The workshop proposes an
artistic collective experience
in which participants can
follow a projectual iter and
the realization of a Light Art
Work.

The projects will be develo-
ped into the laboratories
following the suggestions
and informations given from
the visiting professors and
artists during the seminar
lessons. The workshop will
close with an exposition of
the final works that will be
exposed at the chiostrino di

Santa Eufemia, an historical
building in the centre of
Como City

DIDACTICS

The workshop is divided in
didactic seminars and
artistic laboratories, during
7 days and a total of 56
hours

CERTIFICATION

A participation certification
from Politecnico di Milano
will be issued to the final
participants. The Workshop
allows students to obtain 5
CFU for the Politecnico di
Milano and Accademia di
Brera students

COSTS

1.700 euros including the
course, the food and the
lodging

TARGET

The target of the course are
students, graduates, profes-
sionals and everyone who is
interested in applying the
knowledge of light expressive
features to light installations

ADMISSION RULES

CV and portfolio examina-
tion. At the Workshop will be
admitted a maximum of 20
candidates and it will take
place with a minimum of 10
